# SHERLOCK HOLMES IN NEW SERIES IN SUNDAY "TIMES"

Beginning next Sunday a new and fascinating series of Sherlock Holmes stories will appear in the Sunday Magazine of The Times. In them the great detective created by Sir Arthur Conan Doyle is at his best and most brilliant. The stories are illustrated by Frederic Dorr Steele, whose pictures of Sherlock Holmes are almost as well known as is Holmes himself.

The Sunday Magazine of The Times regularly features the best fiction by the foremost writers of the day, in addition to scientific, adventure, success, health and humorous articles by famous authors, well edited and well illustrated.

Warren at breakfast at the White House. Following this conference the President conferred with several of the Senate Republican leaders, including Senator Butler of his own State.

The nonination was made in the same terse and severe language that all nominations carry and the only statement issued at the White House said simply that "at the request of the President. Mr. Warren consented to allow his name to be presented again to the Senate." Mr. Warren refused, to make any comment, but it is understood arrangements have been made for him to appear before the Senate Judiciary Committee, which will take up this cew nemination at 11 o'clock.

daily, was made the duty of each individual citizen of Chicago today by Health Commissioner Herman N. Bundesen, following the report of eighty new cases and twenty-three additional deaths in the past twenty-four hours.

The deaths today bring the total for the twelve days of March up to 224, an average of nineteen victims a day. Wednesday there were ninety-five new cases reported and twenty-seven deaths, the Health Commissioner said.

The epidemic, as yet not identified, is sweeping entire families in Chicago. It is highly contagious and frequently develops into influenza or pneumonia. It is not confined to Chicago, however. A number of large cities throughout the East and Middle West are affected and all are rousing to stem its course.

PAR GOLF
The golf today was of a thoroughly championship caliber—at least, most of it. Stranahan, who at the turn, was out in par 26, although on two greens he took three putts which were balanced by two birdies.

Bullock-Webster made a fine

effort to retrieve a forjorn hope, and after being 3 down and 4 to go, won the fifteenth with a fine 4 and then lost an excellent opportunity to win the sixteenth by making three putts after the Ohio man had pushed his second from the rough into the trap.

Lauren Upson, the intercollegithe rough into the trap.

Lauren Upson, the intercollegiate champion of the Pacific Coast, had a good match with Cecil Putnam until the turn, which they passed all square. But then the U.C. pole vaulter, recalling that he was playing against the former golf captain of Stanford, put forward his best efforts and won the next five holes, two under par.

Johnny McHugh showed his very best wares in his match against Bud Edwards. Starting with a cruel? The ran out a string of \$s, four of them in the next six holes, and turned 4 up on the former California golf club's champion.

"Say, Jack," he queried, "do you remember that scrap we had in Chicago about twenty-five years ago? Gosh, you were so darned bony and sangling that when I slipped and fell against your hiphone I cut a big gash in my head."

Jack has always maintained he ripped Tommy's head with an uppercut in that particular scrap, so his retort was a fustilade of h. Bouwer, you have to know Jack to appreciate the bony pare of Ryan's yars. Jack today is a nice, fait old plutcorat—not the kind of a guy you would take for an en-pugilist. The future of Tony Fuente hangs in the balance next Tuesday. Either the slick-haired Mexican remains in good favor as a real heavy-weight candidate or he passes forever into the bottomless pli of oblivion.

If Fuente can't cart away a victory over Sailor Eddie Huffman, the fleet lightheavy-weight champion, it means the chile patch for him. Huffman is only a kid of 19, has a lot to learn and, while he is terrifically strong and willing, he would be a target for any real clever middle-weight.

Tony has had considerably more experience than Huffman, if the record carefully prepared for him by his one-time manager, Windy Winsor, can be believed, and he certainly is far cleverer than the assist. The real question is: "How much of a wallop hiss Tony really got in that right hand of his? Were his knockouts in the Vernon ring real or were they framed like the Fulton flasco?"

# Plates | MRS. STOKES IS | MOQUIN'S TO BE PADLOCKED

Center of New York Night Life for Sixty-Eight Years to be Closed for One Month

NEW YORK, March 12.—Moquin's restaurant at 454 Sixth avenue, for sixty-eight years one of the landmarks in the old Tenderloin, will

last few years than the \$800,000 he settled on his children and his wife.

To everyone in the courtroom it was evident that his attorney's plea did not meet with the approval of the defendant. He squirmed in his chair and grew rad each time Mr. Rathbun drew his particular kind of picture; the doddering old man, wandering about after his own mirages, victimized by charlatans and made sport of by denizens of the underworld; beaten with a broom by a negro woman and seeking affidavits as children seek playthings.

"Tou'd think a man who told you the moon was made of green cheese was silly," he went on, "but you wouldn't go far toward sending him to the penitentiary.

"As for Mrs. Scokes, she has had vindication twice in civil suits. You wouldn't go far toward sending him to the penitentiary.

"As for Mrs. Scokes, she has had vindication twice in civil suits. You would think a woman who shudders at the charges here would be glad to let matters drop. Yet she comes here with her old mother, God hiess her, to press these charges. Mrs. Stokes has \$500,000 of Stokes's wealth.

"There must be a great deal of venom in a woman who would follow up the prosecution after getting that."

Prosecutor Milton D. Smith in a torrent of abuse this morning painted Stokes as a viclous and determined man, who used his millions in a determined effort to blacken the character of his wife.

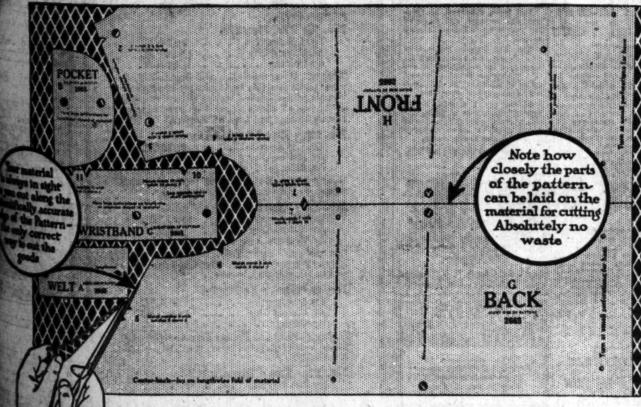

Step by step he attacked the

It was at Moquin's that Mr. Buckner said his young lawyer friends who gathered the evidence on which fourteen padlock suits have been brought bought champagne and saw open seiling of liquor with champagne coolers at nearly every table.

By the agreement between Mr. Buckner and Mr. Bolles the entire establishment is to be padlocked for the month beginning April 1.

BROOKS

Our Suits & Occoats

Our Suits & Occoats

are made and sold on the solid basis of Honesty, Integrity & Sincerity

We do not have to resort to the use of misstatements to convince you that our \$25.00 Garments lead the World in Value - they speak for themselves. Never before have such values been offered. Some people think it impossible to buy a good quality up-to-date hand tailored all wool Suit or Overcoat for \$25.00. By concentrating on this one price \$25.00; by purchasing our woolens direct from the mills; by hand tailoring them in our own big factory and selling them only through our own chain of stores, we are showing the world that it can be done and done RIGHT.

We Give You More Than 20,000 Stylish Seasonable **Garments to Select From** 

There is no store anywhere that offers you a greater assortment, regardless of how many prices they ask. We offer you an unrestricted choice from 20,000 garments at one single price \$25.00.

We Lead The World

Things move fast in the clothing world. The majority of retail clothiers are too slow to keep pace with the times. We have seen the handwriting on the wall and have established the name BROOKS as the largest exclusive \$25.00 Suit and Overcoat concern in America.

To do this we have had to assume the leadership. We have done it and we expect to maintain it. Our rapid growth from one to five big stores in a little over two years proves that we are on the right road.

We Invite Comparisons

Compare a suit or overcoat from a BROOKS Store with those offered elsewhere at higher prices. You'll readily see that they are MADE RIGHT-finest woolens, hand tailoring, silk sewed, best grade trimmings - and we FIT YOU PERFECTLY.

Written Guarantee

With every garment we sell there goes an iron clad guarantee Certificate assuring you of complete satisfaction. No other exclusive \$25.00 Suit or Overcoat concern in America does this-We Do.

**Only One Price** 

You Couldn't Pay MORE if You Wanted to

EVERY thinking man will appreciate what our single price means. He knows what happens in stores that advertise suits at \$25.00 and have others priced to sell at higher prices. WE DO NOT BAIT OUR CUSTOMERS WITH A \$25.00 PRICE and then try to sell them something higher priced. We can't. We haven't a higher priced garment in the house to offer you or anyone else. You know exactly what you are going to pay when you come into a BROOKS store -\$25.00-no more-no less. Isn't that the real and satisfactory way to buy? YOU BET IT IS!

Be Sure You Are in a Brooks Store

Look for the name **BROOKS.** It is for your own protection. Many stores are featuring leaders of \$25.00 garments in their advertising and in their windows to cash-in on our BIG SUCCESS. It isn't fair, but we can't stop them, so more power to them.

All we can do is to warn you to be sure you are in a BROOKS STORE. then you'll know that you are going to buy a quality made garment for \$25.00 — not \$30.00 to \$45.00.

# Are Your Rugs a Good Background?

Do Your rugs serve as the right background for your furnishings? Are they properly keyed to the color scheme of your room? Too often the rug is too positive—the color not just in harmony and because of it the whole room is not the perfect success it might otherwise be. According to the style of your living room many different types of rugs may be used-for instance:

Bengal Rugs are most effective in many rooms. By no means as expensive as Oriental Rugs, they have much of the same effect. They are made in this country but they have the oriental rug texture. In color and design they reproduce closely the charm of the Eastern rugs. They have the same durability. But see how much less is the price! In a 9x12 size

In this connection the interest of State legislators was aroused to day by a statement by Mrs. Nellic Highway by a statement by Mrs. Nellic Hrewer Pierce, former member of the State Board of Control, in which she asserted that the State Highway Commission has ample funds for road-construction work during 1925.

Mrs. Pierce said:

"A careful examination of the books of the State Highway Commission discloses that on January 1, 1926, they had a balance of \$3.954,432.65 in bond money, 1, 1926, they had a balance of \$3.954,432.65 in bond money, 1, 1925, they had a balance of \$3.954,432.65 in bond money,

Is the "Savings Bank

Way" Too Slow

for You?

The trouble with a lot of people who really wish to save, and yet pass year after year without accumu-lating money, lies in the fact that they want to see their accumpt advance.

They lack the patience to build quietly and steadily, yet it is only by patient and persistent effort that success in saving can be achieved.

You can begin with One Dollar here and in the course of a few years you will be pleasantly surprised at the results of systematic saving.

Beware of get-rich-quick schemes. It is far wiser to acquire money with certainty than to take a false step and have to begin all over again.

ed by the commission for new roads in 1924.

"Some of this money is obligated by existing contracts, but that does not change the fact that it is yet to be expended and will be a part of this year's road construction.

"The total expenditures for new construction in 1924 were \$8,829,749,98, and this sum built \$50 miles of roads on the basis of the complission's own statement at the end of the first six months.

"There was available January 1, 1925, for maintenance and reconstruction a balance of \$2,172,315.87, or more than half as much as the Highway Commission ever expended in any year for this purpose before 1924. In 1923 they spent \$3,729,841 for maintenance and reconstruction and left a balance in the fund of \$2,118,477."

Opposition to the proposal to increase the gasoline tax is expressed in a statement issued by Benators Roy Fellon, San Frances of Theorems.

Municipal Improvement District No. 35 Serial 51/2 % Water Bonds

> EXEMPT FROM THE FEDERAL INCOME TAX AND SURTAXES AND FROM THE PERSONAL PROPERTY TAX IN CALIFORNIA.

Under the new charter of the City of Los Angeles, which becomes effective July 1, 1925, these bonds are payable, principal and interest, from a fund which must be set apart out of the general revenues of the Water De-

In addition, the City Council is authorized to levy an unlimited ad valorem tax against all taxable property in the district to pay such principal and in-terest. Such taxes are collectable as a part of the general city taxes.

Los Angeles Municipal Improvement District No. 35 is situated in the west-erly end of San Fernando Valley section of the City of Los Angeles, along Ventura Boulevard and Topanga Road, and includes within its boundaries the townsite of Girard. Adjoining the district is a large and prosperous agricultural, dairy and fruit rais-

The proceeds of this issue of bonds are to be used for the construction of an adequate modern water system to serve all portions of the district, which system is to be constructed and operated by the Los Angeles City Water Department and supplied with water from the municipal system.

road and public utility shares. Many active issues showed net gains of 1 to 3 points, with a dozen or so specialties scoring sdvances of 5 to 11 points.

There was a marked relaxation of selling pressure at the opening and prices bounded upward in all sections of the list. Bear traders covered freely, with the market showing a tendency to duliness when their immediate requirements had been met.

CARRIERS POPULAR

Buying of rails was stimulated by the marked improvement in earnings shown by Class I carriers in January, as compared with the same month last year, and rumors of other favorable dividend and merger developments affecting the southwestern carriers. The three Wabash issues recorded new peak prices for the year on extreme gains of 3 to 3 points. Rock Island closed 2 points higher at 52 1-4. Western Pacific, which recorded a sensational 16-point advance yesterday by touching 55, forfeited more than haif of its gain, closing at 46 1-4.

Reading was bid over 3 points to 79 1-4 and then eased to 98 3-4. Norfolk and Western showed an extreme gain of 4½ points at 111 1-4, and then slipped back to 120 ½.

Utah Securities soared over 10 points to a record top at 69 3-5 on reports that its assets would be taken over by a new company, an announcement to this effect being made after the market closed. Laclede Gas soared 6 3-4 points to 121 3-4.

ADVANCES REGULAR CARRIERS POPULAR

ADVANCES REGULAR

The rise in the so-called pivotal industrials was a mere orderly one. United States Steel crossed 124 and then slipped back to 123 3-4, up %. Baidwin showed a net gain of 1 5-3 at 137 1-3, and American Can closed 1-4 higher at 177 3-4 after selling 2 points above that figure. Studebaker showed a small fractional gain at 44 1-4.

General Electric soared 12 points to 237, closing a point below the top. Ludium Steel jumped nearly 8 points to 44% on an official denial of reports that there will be a change in management.

Call money renewed at 4% per cent and then dropped to 4. Time money and commercial paper rates were unchanged.

Rock Island Deal Credited To Date of to Southern Pacific Plan of Withdrawal Consolidation

NEW YORK, March 12.—Recov ring from their surprise over the equisition of the St. Louis South-restern Railway by Rock Island terests, bankers and railroad men oday began to conceive the trans-etion as another stee if the de-elopment of a vast Southwestern ailroad system of more than 10.-00 miles headed by the Southern haddle.

olo miles headed by the Southern Pacific.

The Rock Island, according to Wall street's belief, has fortified its strategic position by obtaining control of the "Cotton Belt" lines, which provide important traffic connections at Ft. Worth, Shreve-port, Memphis and St. Louis. The addition of the Cotton Belt" 1700 miles of track, it was said, would not prevent the Rock Island's eventual inclusion in the Southern Pacific system, as suggested by the Interstate Commerce Commission, although the latter would thereby become one of the largest railroads in the country.

Neither Southern Pacific nor Rock Island officials would comment today on the possibility of a consolidation of these railroads but it was unofficially intimated from Rock Island sources that this company would not attempt further expansion.

Rock Island's control over the Cotton Belt, it was said, has been acquired largely through the purchass of about 150,000 shares of preferred stock, most of which represented the höldings of Edwin Gould.

Incorporation of the Electric Power and Light Corporation un-

### Alderman Asks Sanity Test of Chicago Judge

(EXCLUSIVE DISPATCE)
CHICAGO, March 12.—A resolution presented to the City Council today by Alderman Stanley Adamkewicz demands an Inquiry into the "sanity" of Judge Henry M. Walker of the Municipal Court

M. Walker of the Municipal Court. The resolution sets forth that "Judge Walker has conducted himself on the bench in a manner as to cause grave doubts in the minds of law abiding citisens as to his competence." It is set forth that on the 16th inst. Judge Walker grossly insulted Alderman Adam-kewicz, as well as other members of the City Council, by loudly proclaiming that "Alderman and bums look alike to me," and Alderman and bums look alike to me," and Alderman Adamkewicz was rudely ordered by the bailiff to go to the rear of the courtroom and "by violence forced to retire from said courtroom." The violence, it appears, was applied by Bailiff William Beatty, whose conduct the Alderman also wishes investigated.

General Secretary Will **Conduct Conference** 

Predicting a war that will have a greater effect on humanity than the recent conflict which drenched the world with blood. Dr. John R. Mott, general secretary of the National Council of the Y.M.C.A. of the United States, in an address before 300 representative citizens at the Alexandria Hotel yesterday, declared that the human race stands today at the most dangerous crossroads in the domain of time.

Dr. Mott, who is a guest at the Huntington Hotel, will conduct a conference at the Pasadena Y.M.C.A. today with prominent religious leaders of the Southland and this afternoon will leave Los Angeles for San Diego for a series of addresses in that city.

Introduced yesterday by Henry M. Robinson, Dr. Mott began his address by congratulating Russell H. Ballard and his coworkers and the citizens of Los Angeles, generally, upon their success in raising \$1,500,000 for the advancement of "Y" work in the Southland.

MEMBERS TAKE VOTE

A few months ago the 3300 members of Immanuel Church voted on whether the church, which has been located for the last thirty-five years at Tenth and Figueroa streets, should remain a downtown church or move to the Wilshire district. Eighty-one per cent of voters voiced their wish to move and 19 per cent of the members cast their votes to remain. In commenting on the minority vote, the Immanuel, official organ of the church, said:

"These brethren are entitled to their own opinion and are to be admired for their sincerity but, in the name of all that is reasonable, would they charge God with imparting wisdom to so few and denying it to so many in so important a matter? We trow not."

However, since the publication of that caustic editorial the minority has for the members and it was because Dr. Herbert Booth Smith, pastor, was able to present a united opinion of the membership to the presbytery that that body yesterday, following a debate of ten hours, decided that Immanuel might move to Wilshire. A campaign to raise money for the new church will be started within the next few weeks.

Having attended the presbytery sessions, which began yesterday at 5 a.m. and closed at 5 p.m., and having won the victory for his congregation, Dr. Smith considered himself at the dinner table at his home when he was informed that a young man and woman wished to see him. Dr. Smith went into the parior and was introduced to Emil S. Mamreill and Miss Zelma Lee Myers, who told him they would like to be married. Following the wedding ceremony, Dr. Smith sneaked back to the diningroom, locked the doors, barred the windows, asked Mrs. Smith to please take the telephone receiver

**DeLano Pupils Give Program** in Four Combinations

G. L. Baskett, Mezzo-Soprano in Debut at Studio

Treat Promised Listeners-in for Sunday Night

BY CLAIRE FORBES CRANE The program at KHJ last night Margaret Dunn, associate teachers of the guitar, mandolin, banjo, Haalian steel guitar and ukulele. These gifted artists have given

many programs at our station, but last night seemed the acme of their efforts. They are pioneers in the difficult feat of teaching plucked stringed instruments, and many splendid professionals have been given to the world as products of the DeLano studios.

Last night almost every known form of combination for guitar, mandolin and banjo was broadcast. I wish it were possible to give a detailed review of every number, as almost without exception the players were individual artists on their instruments.

Mrs. A. G. C. Peterson, soprano, and Mrs. G. W. Schloat, accompanist, interspersed some delightful solos between the instrumental numbers. The program was divided into four combinations composed of the following: The DeLano Haweilan Guitar Club, directed by C. S. DeLano; Margaret Dunn, Mrs. D. R. Nichols, Mrs. H. R. Gwynn, Misses H. Christensen, S. McNally, F. Baierski, Jewell Peterson, H. Baierski, M. Batton, R. Lindgren, G. Bell, L. Kirby and Mrs. V. Jones; the DeLano Banjo Club, Messrs. V. Rosenberg, C. E. Taylor, I. S. Dugard, H. Allen, J. J. Kinkald, J. Barry, Karl Ruess, C. S. DeLano, Margaret Dunn and Miss M. Batton; the Mandolin Quintet, Margaret Dunn, Miss Jewell Peterson, Messrs. C. S. refreshing simplicity of style and

LONG BEACH URGED TO AID COLORADO PLAN

LONG BEACH, March 12.-In conference held here today with Mayor Ray R. Clark, City Manager Windham and other city officials, J. B. Lippincott of Los Ancials, J. B. Lippincott of Los Angeles, consulting engineer for the Long Beach water department urged this city to throw itself unreservedly into the campaign to bring water from the Colorado River to Southern California communities. It is only by consummation of the Colorado River to Southern California communities. It is only by consummation of the Colorado River aqueduct plan that the Southland's water problem can be solved, he said.

CHICKLESS CHICK SELLER SEIZED

Poultry Offered on Installment Plan Fails to Arrive, so Highway Employee is Charged With Using Mails to Defraud

Selling chickens from a chickeniess chicken ranch proved a lucrative business for George Vogilin. 32 years of age, of Ludlow, until a Fontana rancher started out to learn why he had not received chickens he ordered. according to postoffice inspectors who arrested Vogilin yesterday. Vogilin is held in the county jail on a charge of using the mails in a scheme to defraud. Vogilin advertised under the name of Albert H. Schwan, the Pederal officers reported. It is alleged he offered to sell chickens, ducks and rabbits at 20 per cent down, and that he thus obtained \$1000.

The investigation was begun when Tom Toomey of Fontana, reported he sent Schwan \$1115 for chickens that never arrived. Toomey said he went to Ludlow to learn what had happened to Schwan and that he found Ludlow and environs to be practically a cording to the postoffice inspectors, he was arrested several years ago in San Diego on a charge of passing a bad check, and recently has been on probation from a Los Anguilty of a forgery charge. He is held under \$1000 bond pending hearing today before U. S. Commissioner Turney.

### COURT WILL POPULATION OF **ASK WOMAN** CITY 1,195,344 TO PAY COST

The efforts of Mrs. Veronica Roberts, Dr. Raleigh Roberts and Mrs. Alyce Decker to settle their troubles without Police Court aid will not be successful. Police Judge Frederickson declared yesterday, until Mrs. Ro erts appears in court and makes some arrangement about costs. While he struck the statutory charge she made against Mrs. Decker from the calendar, he issued f, bench warrant for Mrs. Roberts.

When the case was called for jury trial yesterday, no one appeared but Attorney Hamilton, representing Dr. Roberts and Mrs. Decker. He said all parties were desirous of dropping the proceedings and moved that the charges he removed from the calendar. The charge followed the asserted horsewhipping of the husband and of Mrs. Decker, who is a widow, in Dr. Roberts's apartment at 4061 South Main street. Mrs. Decker denied there had been any horsewhipping, but subsequently charged in Justice Court that Mrs. Roberts has pending a separate maintenance suit against her husband. Dr. Roberts was ordered to give a \$250 bond to keep the peace.

SELF-EXPRESSION

BY WALTER OGDEN

Home environment plays a great part in ession. By self-expression is meant art. One is mer term in self-defense against opprobr thanks to Our Little Group of Serious Th

Witness the genuinely creatives inds that have emerged fullblown from poverty-ridden homes, from homes torn by high nervous tension, by profound grief or by outright brutality. Aligning these beside the artistic geniuses born to luxury, observe the surprising minority of such talent coming from "happy" homes, homes where in the child meets neither opposition to his artistic will nor dearth of facilities for its furtherance.

Explanation for this apparent anomaly is neither mysterious, complicated nor untenable. It

anomaly is neither mysterious, complicated nor untenable. It hinges on the common conception of the word "happy," which, in turn, is declared by reputable thinkers answerable not only for our hesitation in art, but for much of our present-day unrest.

Materialistically speaking, then, by happy is meant plethoric. To be radically otherwise in our country is to court passive derision and mild distrust—pastelled qualitatives: The stuitified mind admits of no sharp focus on matters irrelevant to its immediate interests. It turns amiably to vogue for its art perceptions, accepting whatever enterprising commercialists ladie out. The materialistic mind demands that its surroundings harmonize for its better ability to snooze among them. Materialism implies sufficience; sufficience cabets overindulgence; overindulgence leads very naturally to inertia and inertia is but the Odyasey of an old-fashioned Sunday dinner. Inertia is as fatal to a nation's moral fiber as to its esthetic. Carried to extreme limits of possibility this state of affairs could indicate national collapse of both culture and morals. Fortunately this is not true.

The average child soon thres of

The average child soon tires of such objects as come ready-made to his hand. He yearns, knowing not why, for something of his own creation—a snow man, a sand castile, a rude picture on the beard fence, a cave in the hillside. He will go to great lengths in order to achieve one of these—heaven help the child who won't; he will need that help.

Most often this childish yearning subsides, at which the child is said to be normal. He has, never comprehending, passed through that era of savagery from which we have crude idols and grimitive paintings. He will never become an artistic genius. He is marsed for more prosaic undertakings.

On the other hand, if the child continues, against opposition, to reveal persistent tendencies only too often designated as "sissified," it will account for his incompatibility at school. He will require to be handled differently, for he is the "different" child—a phenomenon observable at least once in every average family, materialistic or no. He will require to dwell in a world of his own making; prey to imagination, to various moods, to seemingly irrational ideas. All this because his mentality, bruised somehow, somewhere, in its early transitory stages, shrinks from the mold into which the "normal" child slips without much ado. Or, crammed into it, one of two things inevitably occurs: He is crushed beyond aid or he breaks the mold. In the "happy" home this type of child generally is ceddled until spoil-d. His instructors become "yes-men" to hold their positions. The child's very arrogance is his ruin, for he is not, as is the poor or "unfortunate" child, eager to exhaust every source of knowledge. Nor is he forced to exercise his in genuity to obtain his ends, but has every solution handed him, like a calling-card, on a salver by a servent. Temperament is replaced by effervescent ferment of childhood becomes the still sourness of sophistication. To find the very opposition which is wellnigh invaluable to artistic progress he must turn his back upon his home and seek it elsewhere.

For self-expression is the outcome of a ferment and when the life ferment stops, so does self-expression.

SANTA BARBARA, March 12 Both the prosecution and the defense had passed we've veniremen for cause in the trial of Irving Denton and L. C. Buntin for the murder of George Turner at noon today and in the first peremptory challenges were exercised by the defense. It is thought probable that the jury will be impaneled tomorrow.

ton. Stewart, however, went on record accepting any peremptories on behalf of Denton.

Buntin, who according to his attorney, will turn State's evidence is no longer on friendly terms with Denton. They do not speak to each other, whereas in preliminary examination they appeared to be on the closest of terms.

### INDIANS PRINCIPALS

IN DIVORCE ACTION

EL CENTRO, March 12 .- In he complaint for divorce filed here, Metopoy Pallel Hammond Sims asserted she made a serious mistake when she married Pete Sims. Both are members of the Yuma Indian tribe. They were married at Yuma last October and immediately Sims started to abuse and strike her, according to Mrs. S.ms's complaint. On the third of this month Sims struck her with a heavy lantern, asserts the complaint, which also declares that the women owns considerable property on the reservation and requests the court for an order preventing Sims from interfering with it. Mrs. Sims had been married before. Metopoy Pallel Hammond Sims as-

(EXCLUSIVE DISPATCE)
SANTA ANA, March 12.—Ac sused of criminally attacking a young Placentia mother, Deputy Constable William Bouldin, officer of the North Orange county city, today submitted to arrest and was detained by Sheriff Jernigan

was detained by Sheriff Jernigan pending an effort to raise \$2000 bail, agreed to by the District Attorney's office, which issued the complaint.

Deputy sheriffs who went to Placentia yesterday and last night reported to Chief Deputy District-Attorney Moseley today they had been unable to locate the accused officer. Belief of the prosecutor that Bouldin had disappeared was dispelled, however, when the constable appeared to submit to arrest.

### STUDIO AND STAGE

Jazz hounds, phonograph devotees and song lovers will rally to the Orpheum Monday, when Ted Lewis makes his debut in vaudeville here. Ted lives and breathes jazz; he doesn't denature it, he doesn't dilute or "cut" it—he plays it. Believing in jazz as is jazz, and not in any other form or phase of jazz he lets the world know what jazz is; he and his musical clowns, his high, battered hat, his luxurious opera cloak, and his clarinet.

The Van Pelt Brothers having completed their feature contract with F. B. O. have moved their entire company to the California studios, where they will maintain both a comedy and a feature company. Edward J. Battreall has been added to the Van Pelt executive staff.

After several week's postponement, due to the popularity of "Charley's Aunt" at the Million Dollar Theater. Zane Grey's greatest story in picture form will be shown for the first time on Monday next. "The Thundering Herd" centers around the sturdy pioneers and hardy settlers who blazed a trail to the far west in the historic rush to the buffalo fields of Wyoming and Montans in 1876. Jack Holt, Lois Wilson, Noah Beery and Raymond Hatton head the cast.

Stupendous Battle Fleet in Southern California Waters. Mightiest sea fighting force ever assembled in the Pacific Ocean is the United States combined fleet here shown at San Diego. Destroyers are in van making port turn with half of them already faced about. Cruisers in single file follow. In background single line are battleships headed for their anchorage on Coronado Roads. Even an airplane photograph cannot embrace all the fleet so great is the panorama. This is an official navy photograph by aircraft squadron of Battle Fleet. Inset is U.S.S. California, flagship of Admiral Samuel S. Robison, commander-in-chief of Battle Fleet, which led magnificent procession of giant men-o'-war. (P. & A. photos.)

hese Guns Proved Futile—Only one direct hit was scored by the guns pictured above when a fleet of planes descended upon Fortress Monroe, Va., in the recent maneuvers. Three Martin bombers dodged range finders, evaded searchlights and successfully destroyed the stronghold—theoretically. The demonstration supported the contentions of Brig.-Gen. Mitchell, recently relieved from command. (P. & A. photo.)

port district committee of the greater harbor committee, at a meeting conducted here yesterday, unanimously upheld the bill as fair and equitable in its main provisions and unchanged.

It was the sense of the committee equitable in its main provisions and unchanged.

It was the sense of the committee the stat 99 per cent of the contiliting encies now causing friction between Long Beach and Los Angeles never will materialise, and that five years hence, after the port district has become a working actuality, it will never be known, we except as a matter of record, that once there were two separate and competing harbors.

On the capital question of representation, however, the committee good firm. The bill as drawn is provides for a governing body of five members, two from Los Angeles.

Long Beach, it is understood, wants a board either of four or of six, evenly divided between the two cities. If this should be rejected by the Legislature, it is proposed to ask for an amendment which would provide that a quorum of the five-member board shall consist of four. This, the committee felt yesterday, would permit the Long Beach and the offer words and in the five-member board shall consist of four. This, the committee felt yesterday, would permit the Long Beach and words and in the event of a disagreement, to block all action by absenting themselves. The committee wants a board that will function.

Long Beach also has advanced the possibility that future sessions of the Legislature might amend now port district act in such manner as to place all authority over the proposed new district in the hands of Los Angeles. The committee felt words and the proposed new district in the hands of Los Angeles. The committee was to place all authority over the proposed new district in the hands of Los Angeles.
